Did you know you could avoid paying more money if you use home delivery? For your long -term drugs (those you take for at least 3 months), you'll typically pay less with home delivery from the Express Scripts PharmacySM. You'll get up to a 90-day supply with free standard shipping.

It's easy to start! Just call us at the number on your member ID card, and we'll ask your doctor for a new prescription. Or ask your doctor to e-prescribe or fax a 90-day prescription to us. You can also get started at Express-Scripts.com.

Generics: benefits for your health and budget

FDA-approved generics are just as safe and effective as brand-name drugs. The difference? Generics can cost about 50% to 70% less.¹ Today, nearly 8 in 10 prescriptions filled in the U.S. are for generic drugs.² If you're taking a brand-name drug, ask your doctor if a less expensive generic is available.

What you'll pay
