Connect to conference

The server conference at AP Server Check-Point requires a username and password.

Warning: This server is requesting that your username and password be sent in an insecure manner (basic authentication without a secure connection).

User name:

Password:

Remember my password

OK Cancel

User Name will be the first 10 Characters before the @ symbol of your email address

For Example:

epalmertree@hsc.edu

The user name would be:

epalmertre

For the first time logging in and if we ever have to do a password reset your default password will be six zeros ...000000

We strongly recommend that you change your password immediately after logging in DO Not Leave it set to 000000. This is to ensure students or other unauthorized users do not gain access or use this facility

7291 (7290)

7293 (7292)

Options (Press here to view options)

javascript:close_free_ports()

Local intranet | Protected Mode: Off 100%

Step #10 Select a number for the Attendees either <7291 or 7293> and it associated number (Chairperson) <7290 or 7292> to use for the call. See next slide for more detail and Cautions

Things to consider when deciding what numbers to use for the call

- **Question #1: Will any attendees will be calling in Long Distance?**
- **Question #2: Can Attendees use a cell phone?**
- **Question #3: Are any of the attendees in the local calling area?**
- **Question #4: Are any of the attendees on campus?**
- **Question #5: How long will I really need this call to last?**
 - **While we want you to use this feature as much and as often as possible, you must be considerate of other users. Scheduled, but unused time, will be billed to the initiating/scheduling department at \$0.02 per minute. This needs to be considered to avoid unnecessary charges.**
 - **The Chairperson is always given the option to extend an in-progress meeting (by 15 min. increments) this is assuming that there is no conflicting scheduled meeting.**

Things to consider (Continued)

Currently we have four Campus telephone numbers assigned to our Conference Bridge

Please see the next slide for more detail

**If you have questions or the information is not clear to you
Please call us at extension 6021 or 6373**

People invited to attend a call the Hosts has scheduled are called Conferees below is a list/summary of call-in number groups that can be used

Call-in option 1

<p>The Conferees will call</p> <p>Long Distance (877-821-7373) On Campus 7291 Cell phone 434-223-7291 Local call 223-7291</p> <p>Note 877-821-7373 in the long distance network re-translates to forward to 7291</p>	<p>The Host/Chairperson will call (no toll free number assigned)</p> <p>On Campus 7290 Cell 434-223-7290 Local Call 223-7290</p>
--	---

Call-in option 2

<p>The Conferees will call (no toll free number assigned)</p> <p>On Campus dial 7293 Cell phone 434-223-7293 local call dial 223-7293</p>	<p>The Host/Chairperson will call (no toll free number assigned)</p> <p>On Campus 7292 Cell Phone 434-223-7292 local call dial 223-7292</p>

Chairperson Notes

Standard
Version 1.00
May 27, 2010

The Chairperson/Host can either manage their call either from the phone they are using or they can open a Web Browser window.

Using the Web Browser is recommended.

Please see Handout for Chairperson and Telephone Quick Reference card for more detail on what options are available.

HINTS FOR CHAIRPERSON LOGON:

Username: is the dial-in number (ie. 7290 or 7292 as assigned)

Password: is the same as password for scheduled conference call.

It is recommended:

Have the Chairperson login to the Web Browser first, then dial in via telephone. The Web Browser will provide additional tools and will allow the Chairperson to both hear and see Attendees as they join in via telephone.

Note: The screen is updated by the system automatically every 2 minutes or can be refreshed manually.
