Planning and Promoting an Event or News at the College

Reminders and tips for event planning and request forms:

Advance event planning is important. You will get better attendance and we can offer you the best support if you plan your events well in advance (at least 3-6 months depending on the type of event) and order your posters or promotional materials at LEAST 3 weeks in advance (preferably more).

- If you have never filled out a calendar event/room request form or need help, please contact the Director of College Events, Cameron Cary.
- On the Event Request form, you will be asked questions about
  - Date, time, spacial requirements, and set-up
  - Description of your event
  - Thompson Catering services, if required
  - Promotional requests – print or digital advertising, if required
  - Photography requests
- Please fill out the Event Request Forms as accurately and completely as possible (i.e. full event titles, event descriptions, and all relevant details)
- The information that you provide on the Event Request Form is very important because it is used by multiple offices on campus and applies to multiple elements of the event planning/promotion process
- This is an automated system. Your responses regarding the event title and description on the form appear directly on the calendar, so use complete sentences, and check your spelling and grammar. Never use “TBA,” please.
- Please do not substitute an answer to a question with “I will call you...” unless absolutely necessary.
- If this is a public event, be sure to select “Public”
  - What is considered “Public”? Events that involve the entirety of the College community AND the outside public.
  - If this is a departmental/internal meeting or a recurring (weekly or monthly) event, it is usually not considered “public”

Promotion of an Event

- The Communications Office will help you promote your event based on the information we receive from the calendar ems system.
- Poster and promotional material requests are part of the Event Request Form.
- Please see EVENT PROMOTION document for a lengthier list of potential avenues for event promotion.
- Contact: the Communications & Marketing Coordinator

Promotion of the College and its constituents

The Communications Office collects H-SC news, information, and stories to distribute to College constituents, promote the College, and support admissions and advancement efforts and institutional priorities.
• If you have personal stories and news to report involving a faculty member, student, project, the College, or a member of the community, please email to communications@hsc.edu. Depending on the editorial timeline, it may be used on the website, in a news story, on social media, in the Record, and/or other media.

The following are forms that enable you to self-report your news:

• Student Story Form: https://secure4.hsc.edu/forms/view.php?id=91967
• Faculty Story Form (personal news) https://secure4.hsc.edu/forms/view.php?id=91006
• Faculty Scholarship Form (professional/scholarly news): https://secure4.hsc.edu/forms/view.php?id=90711

Who to Go To:

Office of Communications and Marketing
The College brand, marketing and communications, news, public relations, print and creative services, print and electronic promotion, digital media.

For general inquiries or for sharing news and story leads: communications@hsc.edu
