# HAMPDEN-SYDNEY COLLEGE FACT BOOK 2019-20

Compiled by the H-SC Office of Institutional Effectiveness

The H-SC Fact Book is an easily accessible reference document that provides a reliable source of information about the Hampden-Sydney College community, its resources, and its operations. It is published annually each fall, and is a summary of institutional data gathered from multiple areas of the College, including student enrollment; course enrollment measures; key statistics regarding admissions and financial aid; retention and graduation rates; faculty salary; key measures in development; the Library; and various financial data including measures of the costs of attendance, endowment, revenues, and expenditures. It is compiled to capture the fall semester of the 2019-20 Academic Year, as well as the 2018-19 Fiscal and Academic Year. When possible, multiple years of data are provided for historical perspective. While not all-encompassing, the Fact Book does provide relevant facts and figures valuable and frequently requested by administrators, faculty, staff, publications, government agencies, and students.

## *College Mission*

Hampden-Sydney College seeks to form good men and good citizens in an atmosphere of sound learning.

## *Office of Institutional Effectiveness Mission and Vision*

The mission of the Office of Institutional Effectiveness (OIE) is to provide accurate, appropriate, and timely information to Hampden-Sydney College constituents, State Council of Higher Education for Virginia (SCHEV), the Federal government, and other external constituents. In addition, the Office of Institutional Effectiveness provides a variety of services to administrators, faculty, staff, and students that are intended to improve learning, teaching, and services on campus. Our vision for Institutional Effectiveness is to help the College: be data informed, not data driven; share what we have discovered, and highlight our endeavors to clearly articulate the institution's issues and communicate them with data-informed stories; build a culture of evidence through efforts to centralize data; and engage and empower our campus community.

The Department of Institutional Effectiveness supports the College mission of “forming good men and good citizens in an atmosphere of sound learning” by gathering qualitative and quantitative data for College constituents that will lead to sound decision making for the College community.

In alignment with the OIE outcome to “... inform and support a culture of institutional effectiveness through improved communication of data collections and assessment tools,” the Fact Book is published annually to provide relevant information to the College community.

Hampden-Sydney’s first known Fact Book was compiled by Dr. Paul S. Baker in 1985.
