

Mathematics Major Checklist

DEPARTMENT CHAIR: Dr. Brian Lins, Bagby 124, (434) 223-6264

Please note that **departmental contact is strongly recommended** to further aid your academic planning. Irregularities in offerings do occur as a result of sabbaticals and medical leaves.

All Math majors are required to take at least 11 courses as listed below to complete the major requirements.

❖ Recommended ❖

Future Engineers:
MATH 243, 342 & COMS 261/262

Future Actuaries, Statisticians & MBAs:
MATH 222, 331 & 422

Information for Math Majors:

- Math majors should plan several semesters ahead to ensure their ability to enroll in coursework ideal to their skills and interests. Students should consult with MATH faculty.
- Planning and executing study abroad experiences require MATH faculty consultation before and after such study.
- Majors are encouraged to participate in Math/COMS Club, Problem of the Month, the Math Colloquium Series, the Energy Research Group, and annual contests such as: VaTech Regional Math Contest, the national Putnam Exam in Mathematics, COMAP-MCM (a four-day international team competition where students clarify, analyze and propose solutions to an open-ended problem, culminating in a paper).
- Majors interested in working as a tutor for the MATH department to keep your skills sharp—See Dr. Jayne.
- Majors are also encouraged to participate in undergraduate research through summer research opportunities on campus and then after their junior year through REU (Research Experience for Undergraduates.)
- Suitably qualified students may pursue independent studies via 495 courses. Honors work may also be taken via 461-462- Honors in Mathematics.

UNOFFICIAL FORM- OFFICE OF ACADEMIC SUCCESS.

Successful completion of the above items does not alone guarantee that graduation requirements have been met. Please see advisor.
